Dear Sir:

Applicant submits this Request for Reconsideration in response to the Decision of January 9, 2006, with regards to the petition under 37 CFR 1.47(a) filed on September 6, 2005. In the January 9th Decision, it is stated that the Applicant has failed to provide proof that the non-signing inventor cannot be reached or located, notwithstanding diligent effort, or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims, and drawings).

Applicant submits herewith copies of the emails that were sent to the inventor Bagdan Radu on September 8, 2004. The present application was emailed to both Mr. Radu's home email address and work email address. Each email had attached thereto a copy of the present application, including the specification and claims, and a copy of the drawings. In the submitted emails one can see Mr. Radu's email addresses, specifically bradu@lear.com and bogdanradu@yahoo.com, as well as the icons associated with the application and the drawings. Copies of these emails were inadvertently omitted when the September 6th petition was filed.

Thus, Applicant has shown that the application and drawings were sent to Mr. Radu, that diligent efforts have been put forth, and that despite these efforts the inventor has refused to sign the provided documentation.

The requirements for a grantable petition under 37 CFR 1.47(a) have now been met. Should the Examiner have any questions or comments, he is respectfully requested to contact the undersigned attorney.

Respectfully submitted,
ARTZ & ARTZ, P.C.
